Lauren Cutler - Newman Peer Ministry Leader, Named SUNY Oswego's 2017 Outstanding Senior

Lauren Cutler, a senior Meteorology major and Math and German minor, is the recipient of the 2017 Outstanding Senior Award. Her connection to the Newman Center began long before she attended SUNY Oswego. Her mother was roommates with Lisa Chermack, daughter of Gene and Marion Chermack, while both were attending John Carroll University in Ohio. While visiting SUNY Oswego, she connected with Marian Chermack who introduced her the Newman Center. Coincidentally, Gene Chermack, Marian's husband, was instrumental in creating the Meteorology major at SUNY Oswego.

Lauren has been very active in the Newman community. As a freshman, she began her involvement as a Faith Formation teacher for 4 th grade and quickly became a Faith Formation Coordinator and Peer Minister in her first semester. Since then she has continually taught Faith Formation and assisted in facilitating confirmation retreats as part of the Retreat Team. She has been an active member in Newman Club and served as Treasurer for the club for two years.

The friendly, helpful, and welcoming nature of the Newman Center has been constant source of support for Lauren during her college years. She has made many friends and connections since being involved at the Newman Center.

Academically, Lauren has had many interesting opportunities and is involved in many different organizations. She is a member of Meteorology Club and served as Secretary and President her sophomore and junior year. She is a member of Omicron Delta Kappa, the National Leadership Honorary Society, and is currently serving as President of SUNY Oswego's Circle. In addition, she is Vice President of Women in STEM this year. Lauren always takes advantage of opportunities available to her. She has been involved in research since she was a freshman, where she served as research assistant on the OWLeS Project studying lake-effect snow. Most recent, she spent the summer in Tampa, FL interning with NOAA's Aircraft Operations Center, better known as the Hurricane Hunters.

After graduation, Lauren is taking a gap year and volunteering with FEMA Corps before attending graduate school. We are thankful for Lauren's presence in our community, the gifts of faith and leadership she shares and wish her best of luck in all she aspires. God Bless you, Lauren ♥

As The Semester Comes To A Close ...

Creator of all things, the source of light and wisdom, lofty origin of all being, Graciously let a ray of your brilliance penetrate into the darkness of my understanding and take me from the double darkness in which I have been born, an obscurity of both sin and ignorance. Give me a sharp sense of understanding, a retentive memory, and the ability to grasp things correctly and fundamentally. Grant me the talent of being exact in my explanations, and the ability to express myself with thoroughness and charm. Point out the beginning, direct the progress, and help in the completion; through Christ our Lord. Amen .
